

FOREWARD

The Industrial Training Fund (ITF) has since its establishment in 1971 emphasised excellent and first-rate service delivery to all its stakeholders. The emphasis on the provision of premium service to its clients has over the years created a bond that has facilitated the development of human capital of the Nation. As the Fund successfully trains, retrains and develops the capacity of Nigerians in different skills areas, it is appropriate that all stakeholders participate significantly in ensuring that the Mandate on which the Fund was established is achieved and surpassed.

The Amendment Act of 2011 expanded the scope of the ITF to provide, promote and encourage the acquisition of skills in order to stimulate self-sufficiency in the Nation.

It is on this premise that the Fund recently expanded and embarked on notable intervention programmes like the National Industrial Skills Development Programme (NISDP), Women Skills Empowerment Programme (WOSEP), Skills Training & Empowerment Programmes for the Physically Challenged (STEPP-C), and Construction Skills Empowerment Programmes (CONSEP), to develop Human Capital in order to combat poverty, underemployment, unemployment and youth restiveness.

Given the rapid rate at which the population of Nigeria is growing and the dire need to ensure self-sufficiency through the diversification of the economy such as the development of the non-oil sectors of the economy, the ITF requires the support, goodwill and collaboration of all stakeholders.

It is in view of this policy initiative that the Service Charter of the Fund, which is an operational tool that guides the ITF and its clients on obligations and expectations, becomes very important. This Charter is expected to inspire improvement and guide the Fund in delivering premium service to its clients.

I therefore, present this declaration of the commitment of the Fund to provide quality and appropriate training and related service to meet the yearnings and aspirations of our clients in accord with global best practices. I enjoin all stakeholders to make judicious use of this document with a view to accessing quality service from the Fund Yours Faithfully

INDUSTRIAL TRAINING FUND
